MEMORANDUM FOR: Director, Office of Current Operations
FROM: Director of Central Intelligence

It seems to me the Soviet hard currency bind (perhaps including a note on how it is extending into pressure on the Warsaw Pact nations-- demand for hard currency support to Poland and cutback of oil subsidies to those countries--taken from material on pages 15-18 and 23-25 of the International Economic and Energy Weekly dated 20 November 1981) would be suitable
